Test Plan		
1) Test Pla	an ID:	OpenCart_WebApp_TP_001
27 100011		
2) Introd	uction:	It is a test plan for the OpenCart e-commerce web application that provides access to registered users and guest users from anywhere in the world to buy or sell their required goods. It has different interfaces, such as the admin interface, user interface, product interface, seller interface, cart and checkout interface, etc. The admin interface can be accessed by web app authorized admins; the user interface can be accessed by registered users and guest users. The purpose of the system (application) is to provide buy and sell services online (through the Internet). Registered users and guest users can buy and sell their products from any part of the world through the internet.
3) Test Ito	ems:	User Management, Product Management, Cart and Checkout etc User Management: Sign Up, Login, Forgot Password, Product Management: Featured Categories, Product details, Cart and Checkout: Add to cart, proceed to buy etc
4) Refere	nces:	Requirements, Project Plan , Test Strategy — Use cases (If available) High Level Design doc , Low Level design docs, Process guide line doc, Prototypesetc
5) Feature	es to be Tested:	a) User Management: i) Register: 1. First Name 2. Last Name 3.E-Mail 4. Password ii) Login: 1. Email 3. Password iii) My Account iv) Wishlist v) Reviews b) Product Management: i)Featured Categories ii) Product details c) Cart and Checkout: i) Add to cart ii) Proceed to buy
6) Feature	es not to be tested:	N/A
7) Entry (Criteria:	a) Test Design Schedule, Requirements, Test Case Template etc Training on Domain. b) Test Execution: Readiness of Test Environment, Readiness of AUT Requirements Test Case docs,
		Test Data Defect Report Template etc
8) Exit Cri	iteria:	·
_	iteria: nsion Criteria:	Template etc All possible test cases executed
9) Susper		Template etc All possible test cases executed Maximum defects reported, Confidence on Test process, Time Limitations
9) Susper	nsion Criteria:	All possible test cases executed Maximum defects reported, Confidence on Test process, Time Limitations N/A Name: 1. Md. Naymur Rashid Role and Responsibilities: Test Planner, Test Case Developer, Manual Test Executor Name: 2. Ehsanul Alam Sabbir Sr. SQA Engineer L-III, Vivasoft Limited
9) Susper	nsion Criteria:	All possible test cases executed Maximum defects reported, Confidence on Test process, Time Limitations N/A Name: 1. Md. Naymur Rashid Role and Responsibilities: Test Planner, Test Case Developer, Manual Test Executor Name: 2. Ehsanul Alam Sabbir Sr. SQA Engineer L-III, Vivasoft Limited Role and Responsibilities: Guidance, Monitoring and Test supervision Task Days Duration Remarks 1) Understanding & Analyzing Requirements: 15 Dec - 17 Dec, 2024 2) Test Case Documentation: 18 - 20 Dec, 2024 3) Test Data collection: 21 - 22 Dec, 2024 4) Test Environment Setup: 23 - 24 Dec, 2024 5) Test Case Execution: 25 - 26 Dec, 2024
9) Susper 10) Roles 11) Scheo	nsion Criteria: & Responsibilities: dule:	All possible test cases executed Maximum defects reported, Confidence on Test process, Time Limitations N/A Name: 1. Md. Naymur Rashid Role and Responsibilities: Test Planner, Test Case Developer, Manual Test Executor Name: 2. Ehsanul Alam Sabbir Sr. SQA Engineer L-III, Vivasoft Limited Role and Responsibilities: Guidance, Monitoring and Test supervision Task Days Duration Remarks 1) Understanding & Analyzing Requirements: 15 Dec - 17 Dec, 2024 2) Test Case Documentation: 18 - 20 Dec, 2024 3) Test Data collection: 21 - 22 Dec, 2024 4) Test Environment Setup: 23 - 24 Dec, 2024 5) Test Case Execution: 25 - 26 Dec, 2024 6) Review: 1st - 4th Jan, 2025 1. SQA and Cyber Security, IT Training BD
9) Susper 10) Roles 11) Scheo	nsion Criteria:	All possible test cases executed Maximum defects reported, Confidence on Test process, Time Limitations N/A Name: 1. Md. Naymur Rashid Role and Responsibilities: Test Planner, Test Case Developer, Manual Test Executor Name: 2. Ehsanul Alam Sabbir Sr. SQA Engineer L-III, Vivasoft Limited Role and Responsibilities: Guidance, Monitoring and Test supervision Task Days Duration Remarks 1) Understanding & Analyzing Requirements: 15 Dec - 17 Dec, 2024 2) Test Case Documentation: 18 - 20 Dec, 2024 3) Test Data collection: 21 - 22 Dec, 2024 4) Test Environment Setup: 23 - 24 Dec, 2024 5) Test Case Execution: 25 - 26 Dec, 2024 6) Review: 1st - 4th Jan, 2025
9) Susper 10) Roles 11) Scheo 12) Traini 13) Risks	nsion Criteria: & Responsibilities: dule:	All possible test cases executed Maximum defects reported, Confidence on Test process, Time Limitations N/A Name: 1. Md. Naymur Rashid Role and Responsibilities: Test Planner, Test Case Developer, Manual Test Executor Name: 2. Ehsanul Alam Sabbir Sr. SQA Engineer L-III, Vivasoft Limited Role and Responsibilities: Guidance, Monitoring and Test supervision Task Days Duration Remarks 1) Understanding & Analyzing Requirements: 15 Dec - 17 Dec, 2024 2) Test Case Documentation: 18 - 20 Dec, 2024 3) Test Data collection: 21 - 22 Dec, 2024 4) Test Environment Setup: 23 - 24 Dec, 2024 5) Test Case Execution: 25 - 26 Dec, 2024 6) Review: 1st - 4th Jan, 2025 1. SQA and Cyber Security, IT Training BD
9) Susper 10) Roles 11) Scheo 12) Traini 13) Risks	nsion Criteria: & Responsibilities: dule: Mitigation:	Template etc All possible test cases executed Maximum defects reported, Confidence on Test process, Time Limitations N/A Name: 1. Md. Naymur Rashid Role and Responsibilities: Test Planner, Test Case Developer, Manual Test Executor Name: 2. Ehsanul Alam Sabbir Sr. SQA Engineer L-III, Vivasoft Limited Role and Responsibilities: Guidance, Monitoring and Test supervision Task Days Duration Remarks 1) Understanding & Analyzing Requirements: 15 Dec - 17 Dec, 2024 2) Test Case Documentation: 18 - 20 Dec, 2024 3) Test Data collection: 21 - 22 Dec, 2024 4) Test Environment Setup: 23 - 24 Dec, 2024 5) Test Case Execution: 25 - 26 Dec, 2024 6) Review: 1st - 4th Jan, 2025 1. SQA and Cyber Security, IT Training BD Time Application Type: Web Application, Internet and Public Client side: Windows 11, MS Office, Google docs, sheets, Selenium Etc, MySQL
9) Susper 10) Roles 11) Scheo 12) Traini 13) Risks	nsion Criteria: & Responsibilities: dule: ing: & Mitigation: Environment / Lab Deliverables:	Template etc All possible test cases executed Maximum defects reported, Confidence on Test process, Time Limitations N/A Name: 1. Md. Naymur Rashid Role and Responsibilities: Test Planner, Test Case Developer, Manual Test Executor Name: 2. Ehsanul Alam Sabbir Sr. SQA Engineer L-III, Vivasoft Limited Role and Responsibilities: Guidance, Monitoring and Test supervision Task Days Duration Remarks 1) Understanding & Analyzing Requirements: 15 Dec - 17 Dec, 2024 2) Test Case Documentation: 18 - 20 Dec, 2024 3) Test Data collection: 21 - 22 Dec, 2024 4) Test Environment Setup: 23 - 24 Dec, 2024 5) Test Case Execution: 25 - 26 Dec, 2024 6) Review: 1st - 4th Jan, 2025 1. SQA and Cyber Security, IT Training BD Time Application Type: Web Application, Internet and Public Client side: Windows 11, MS Office, Google docs, sheets, Selenium Etc, MySQL Browser: Microsoft Edge, Google Chrome, Mozilla firefox Test Plan, Mind Maps, Test Case docs, Test Case Report Docs, Defect Reports,
9) Susper 10) Roles 11) Scheo 12) Traini 13) Risks 14) Test E	nsion Criteria: & Responsibilities: dule: Mitigation: Environment / Lab Deliverables:	Template etc All possible test cases executed Maximum defects reported, Confidence on Test process, Time Limitations N/A Name: 1. Md. Naymur Rashid Role and Responsibilities: Test Planner, Test Case Developer, Manual Test Executor Name: 2. Ehsanul Alam Sabbir Sr. SQA Engineer L-III, Vivasoft Limited Role and Responsibilities: Guidance, Monitoring and Test supervision Task Days Duration Remarks 1) Understanding & Analyzing Requirements: 15 Dec - 17 Dec, 2024 2) Test Case Documentation: 18 - 20 Dec, 2024 3) Test Data collection: 21 - 22 Dec, 2024 4) Test Environment Setup: 23 - 24 Dec, 2024 5) Test Case Execution: 25 - 26 Dec, 2024 6) Review: 1st - 4th Jan, 2025 1. SQA and Cyber Security, IT Training BD Time Application Type: Web Application, Internet and Public Client side: Windows 11, MS Office, Google docs, sheets, Selenium Etc, MySQL Browser: Microsoft Edge, Google Chrome, Mozilla firefox Test Plan, Mind Maps, Test Case docs, Test Case Report Docs, Defect Reports, Test Summary Report, Test Metrics 1) Test Plan Documentation: Ehsanul Alam Sabbir (Test Supervisor) 2) Review: Ehsanul Alam Sabbir (Test Supervisor)
9) Susper 10) Roles 11) Scheo 12) Traini 13) Risks 14) Test E	nsion Criteria: & Responsibilities: dule: Mitigation: Environment / Lab Deliverables:	Template etc All possible test cases executed Maximum defects reported, Confidence on Test process, Time Limitations N/A Name: 1.
